

## SD-B200H

### *Simple Operation*

Simple operation by time switch (0-30min.)

### *Strong Durability*

Waterproof by silicon, strong stainless body

### *Strong Cleaning performance*

Built in powerful BLT vibrator

### *Setting temperature mode*

Set the range of liquid temperature (30 ~ 80c).

## Specification

Model	SD-B200H	Consumption Wattage	1.41A
Inside Diameter	240(W)×140(L)×100(H)	Gross Weight	4.7 KG
Outside Diameter	300(W)×166(L)×250(H)	Power	AC220V / 60Hz
Capacity	3.3L	Operation Time	0-30min. heat-on temp.(30~80°C)±10%
Ultrasonic Frequency	28KHz	Materials	tub:SUS-304 body:SUS-430
Ultrasonic Output	100W	Parts	cover, fuse x 2, manual

## Cleaning Liquid & Spare parts (for option)

Required for better cleaning performance

Cleaning Liquid				BASKET
Model	11UN	16PLUS	1169	BT-200
Component	Alkali	Neutrality	Alkali	
Target	glass,quartz,ceramic ware,crystal compound,rubber, iron, metal	aluminum,zinc,tin,borosilicate, glass, quartz glass, stainless,chrome, nickel, polyethylene polypropylene, Teflon, silicon rubber, rubber	nonferrous metal, stainless,chrome steel, iron steel,precious metal, titanium, nickel	
Solution rate	3/100%	3/100%	3/100%
